

# Mobile **STAND**

## Mobile base for **Mito Light Pro 150 and 300**

Designed for convenience, simply slide your panel into the stand for a snug fit, allowing it to stand securely on any surface, whether it's the floor, a desk, or a table. This base stand gives you new flexibility in positioning your panel. Whether you prefer to lie down or sit, on the floor, a chair, or a sofa, or even place it on a table or desk, the choice is yours.

Enhanced with casters, this stand allows for effortless mobility, letting you easily maneuver your panel wherever you need it. Its sleek, one-piece design ensures hassle-free installation with no assembly required.
